THIS IS UNEVALUATED INFORMATION

1. The Hongyang Railway Administration will abolish the railway administration at Hanchou and amalgamate all its personnel with those of the Laipin-Chanchiang Railway Engineering Bureau to form the Nanning Branch Administration. This will be done as soon as engineering work is completed on the Laipin (109-16, 23-42) - Pinghsiang (106-44, 22-06) section of the Hunan - Kwangsi Railway. The Nanning Branch Administration is presently at Paits'angling (白雀嶺), Nanning.
2. The Survey Corps which was originally controlled by the Laipin-Chanchiang (107-52, 23-01) Railway Engineering Bureau has been transferred to the Nanning Branch Administration. This Survey Corps had received orders to survey a new railway from Nanning to Chanchiang. The Survey Corps has been organized into four teams for this purpose. The route under survey begins at Nanning and passes through Yungshun (108-54, 22-48), Lingshan (110-36, 22-41), Popai (110-01, 22-18) into Kwangtung and to Chanchiang.

25X1A 1. [] Comment. This is presumably the Engineering Bureau of the
Laipin-Chennankuan Section of the Hongyang Railway Administration.
